Objective

As a motivated and enthusiastic Full-Stack Developer, I am eager to apply my knowledge of front-end and back-end technologies to real-world projects. Although I am a fresher, I am keen to bring my passion for web development and my commitment to learning into a professional environment.

Education

Sri Sukhmani Institute of Engineering & Technology, Dera Bassi, Punjab *Bachelor's in Computer Science (2022-2025)*

- Relevant coursework: Full Stack Development, Web Development, Cloud, Databases, IoT, etc.
- Achievements: Completed full stack development courses with high distinction, participated in coding competitions and hackathons.

Swami Devi Dyal Group of Professional Institutions, Barwala, Haryana *Diploma in Computer Science (2017-2020)*

- Relevant coursework: Web Development, Cloud, Databases, Network Security, etc.

Skills

- **Programming Languages:** HTML, CSS, SCSS, JavaScript, Python, Node.js
- **Frameworks and Libraries:** React, GSAP, Express.js, Django, Redux
- **APIs:** RESTful API
- **Databases:** MongoDB, SQL
- **Tools:** Git, GitHub, VS Code, Docker, Jenkins
- **Other Skills:** Problem-solving, teamwork, effective communication

---

Projects

API Checker Tool

- **Description:** A tool for developers to test their APIs and get real-time responses, with the ability to add headers and other configurations.
- **Technologies Used:** HTML, SCSS, JavaScript, Node.js, Express.js, MongoDB, GSAP
- **Your Role:** Implemented robust back-end logic to handle API requests, process configurations like headers and parameters, and deliver real-time responses.
- **GitHub:** https://github.com/behan05/API-Checker-Tool

EchoChat *(In Progress)*

- **Description:** A web application where users can create accounts and interact with other users through chat.

- **Technologies Used:** HTML, SCSS, JavaScript, Node.js, Express.js, MongoDB, GSAP
- **Your Role:** Designing the architecture and developing both front-end and back-end components.
- **GitHub:** https://github.com/behan05/EchoChat

Experience

Freelance Web Developer
Ashok Nagar, New Delhi – 2021 to 2022

- Developed and maintained websites for small businesses and individual clients using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB
- Collaborated with clients to understand their needs and provide customized solutions that exceeded expectations
- Managed projects from conception through to completion, ensuring all deadlines were met and deliverables were of high quality
- Utilized version control with Git and GitHub for project management and collaboration
- Implemented responsive design principles to ensure websites were accessible and user-friendly across all devices
- Optimized websites for performance and SEO, resulting in increased traffic and engagement
- Troubleshot and resolved technical issues, improving website functionality and user experience
- Worked closely with designers and other developers to integrate design and functionality seamlessly

---

Certifications

- **Full Stack Development with Django**, Croma Campus, Noida Delhi
- **Udemy Courses** in various web development technologies
- **Guided Learning from Online Tutors** for full stack development

---

Interests

- Web and App Development
- IoT and Home Automation
- Tech Communities and Meetups

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.
